

Dynamic Web

Fall 2019

Things to Cover Today

1. Discuss progress in class
2. Talk through midterm and spend time planning and setting up

Where we are

1. What we've covered
2. What we're going to cover
3. What we're doing

Midterm Process

Everyone pull up the project description.

1. Come up with a loose concept
2. Find your data sources
3. Think about a visual system
4. Execute your concept within the visual system
